

OKEANA

POOLS • BATHS • FOUNTAINS • PONDS

The company OKEANA was established in 2006 and offers a wide spectrum of goods and services in all types of pools and all types of saunas, as well as in the field of recreation and entertainment areas.

From project idea to implementation

We professionally and comprehensively install all types of indoor and outdoor pools, spa hydromassage pools, jacuzzi, saunas, turkish and steam baths, individually designed bathrooms and showers in private houses, villas and public facilities throughout Europe.

We design, install and renovate the outdoor and indoor pools in a qualitative manner. We carry out swimming pool construction and finishing works. We make pools of different shapes and sizes (dimensions), install reliable waterproofing and interior decoration, also make PVC coatings, traditional and mosaic tiles. We fully arrange the pool environment, install wooden terraces and stone composite (travertine, marble, etc.) pavements.

We can integrate spa facilities which can be designed with various types of pools, saunas, rest, massage and therapy rooms, and other facilities. We carry out all interior decoration works, install wall partitions, suspended ceilings, perform decorative coatings and painting works. We put tiles and stone (travertine, marble) products. At the request of the client, we carry out project both in complex and in separate stages.

We completely arrange the courtyard environment by installing pavements, tracks, retaining walls and terraces. We carry out excavation and soil priming works, stone and chip decoration. We build simple structures, arbors, pergolas, car garages and roof tiles made of wood and other building materials.

We install recreation areas with outdoor kitchen, fireplaces or barbecues, washbasins, water decorations (fountains), outdoor lighting and other accessories or decor elements. We select outdoor furniture in the open air in the lounge areas in the gardens, on the terraces or by the pool.
